DEFECT 12:21

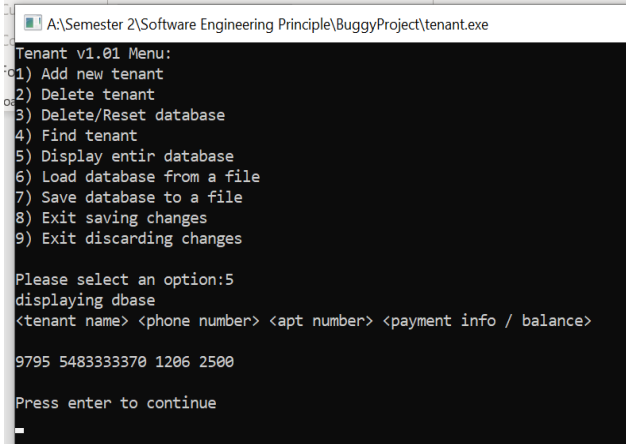

DEFECT 1:

Defect ID: (Required)	1
Author: (Required)	Abhisha Bhesaniya
Release/Build # (Required)	V1.01
Open Date: (Required)	07/14/2020
Close Date: (Required)	N/A
Problem Area: (Required)	Spelling Error
Defect or Enhancement: (Required)	<input checked="" type="checkbox"/> Defect (Default) <input type="checkbox"/> Enhancement
Problem Title: (Required)	Entire spelling is Incorrect
Problem Description: (Required)	<p>Precondition: N/A</p> <p>The spelling of Entire is written as Entir in the 5th menu.</p> 
Current Environment: (Required)	Windows10
Other Environment(s):	None
Defect Type: (Required)	<input type="checkbox"/> Functionality (Default) <input type="checkbox"/> Architectural <input type="checkbox"/> Connectivity <input type="checkbox"/> Consistency <input type="checkbox"/> Database Integrity <input type="checkbox"/> Documentation <input checked="" type="checkbox"/> GUI <input type="checkbox"/> Installation <input type="checkbox"/> Memory <input type="checkbox"/> Performance <input type="checkbox"/> Security and Controls

	<input type="checkbox"/> Standards and Conventions <input type="checkbox"/> Stress <input type="checkbox"/> Usability
Who Detected: (Required)	<input checked="" type="checkbox"/> Quality Assurance (Default) <input type="checkbox"/> External Customer <input type="checkbox"/> Internal Customer <input type="checkbox"/> Development
How Detected: (Required)	<input type="checkbox"/> Testing (Default) <input checked="" type="checkbox"/> Review <input type="checkbox"/> Walkthrough <input type="checkbox"/> JAD (joint application development)
Assigned To: (Required)	N/A
Priority: (Required)	<input type="checkbox"/> High (Default) <input type="checkbox"/> Critical <input type="checkbox"/> Medium <input checked="" type="checkbox"/> Low
Severity: (Required)	<input type="checkbox"/> High (Default) <input type="checkbox"/> Critical <input type="checkbox"/> Medium <input checked="" type="checkbox"/> Low
Status: (Required)	<input checked="" type="checkbox"/> Open (Default) <input type="checkbox"/> Being Reviewed by Development <input type="checkbox"/> Returned by Development <input type="checkbox"/> Ready for Testing in the Next Build <input type="checkbox"/> Closed (QA) <input type="checkbox"/> Returned by (QA) <input type="checkbox"/> Deferred to the Next Release

DEFECT 2:

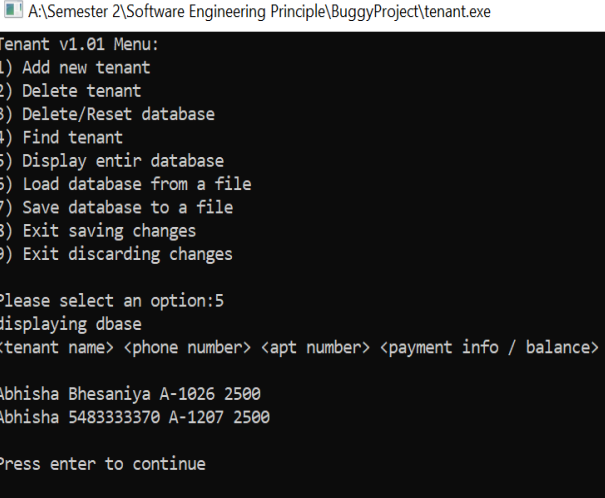

Defect ID: (Required)	2
Author: (Required)	Abhisha Bhesaniya
Release/Build # (Required)	V1.01
Open Date: (Required)	07/14/2020
Close Date: (Required)	N/A
Problem Area: (Required)	Tenant Insertion
Defect or Enhancement: (Required)	<input checked="" type="checkbox"/> Defect (Default) <input type="checkbox"/> Enhancement

Problem Title: (Required)	The system accepts Numeric data in tenant name
Problem Description: (Required)	<p>Precondition: N/A</p> <p>The tester chooses option 1 to add</p> <p>Tester adds 9795</p> <p>Problem is that system does not inform that you are entering numeric data in the field of the name which should accept the only character.</p> <p>Tester selects option 5 and 9795 showed in the list.</p> 
Current Environment: (Required)	Windows10
Other Environment(s):	None
Defect Type: (Required)	<input type="checkbox"/> Functionality (Default) <input type="checkbox"/> Architectural <input type="checkbox"/> Connectivity <input checked="" type="checkbox"/> Consistency <input checked="" type="checkbox"/> Database Integrity <input type="checkbox"/> Documentation <input type="checkbox"/> GUI <input type="checkbox"/> Installation <input type="checkbox"/> Memory <input type="checkbox"/> Performance <input type="checkbox"/> Security and Controls <input type="checkbox"/> Standards and Conventions <input type="checkbox"/> Stress <input type="checkbox"/> Usability
Who Detected: (Required)	<input checked="" type="checkbox"/> Quality Assurance (Default) <input type="checkbox"/> External Customer <input type="checkbox"/> Internal Customer <input type="checkbox"/> Development
How Detected: (Required)	<input checked="" type="checkbox"/> Testing (Default) <input type="checkbox"/> Review <input checked="" type="checkbox"/> Walkthrough <input type="checkbox"/> JAD (joint application development)

Assigned To: (Required)	N/A
Priority: (Required)	<input type="checkbox"/> High (Default) <input type="checkbox"/> Critical <input checked="" type="checkbox"/> Medium <input type="checkbox"/> Low
Severity: (Required)	<input type="checkbox"/> High (Default) <input checked="" type="checkbox"/> Critical <input type="checkbox"/> Medium <input type="checkbox"/> Low
Status: (Required)	<input checked="" type="checkbox"/> Open (Default) <input type="checkbox"/> Being Reviewed by Development <input type="checkbox"/> Returned by Development <input type="checkbox"/> Ready for Testing in the Next Build <input type="checkbox"/> Closed (QA) <input type="checkbox"/> Returned by (QA) <input type="checkbox"/> Deferred to the Next Release

DEFECT 3:

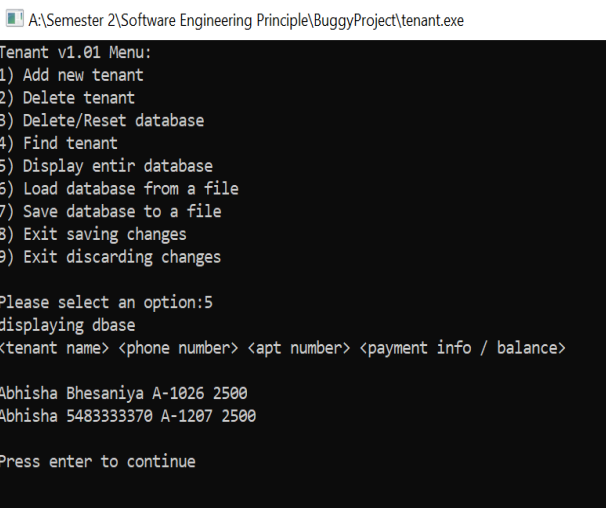

Defect ID: (Required)	3
Author: (Required)	Abhisha Bhesaniya
Release/Build # (Required)	V1.01
Open Date: (Required)	07/14/2020
Close Date: (Required)	N/A
Problem Area: (Required)	Tenant Insertion
Defect or Enhancement: (Required)	<input checked="" type="checkbox"/> Defect (Default) <input type="checkbox"/> Enhancement
Problem Title: (Required)	The system accepts character data in phone no
Problem Description: (Required)	Precondition: N/A The tester chooses option 1 to add Tester adds Bhesaniya in phone no field Problem is that system does not inform you that you are entering character data in the field of numeric data. Tester selects option 5 and Bhesaniya showed in the list.

	
Current Environment: (Required)	Windows10
Other Environment(s):	None
Defect Type: (Required)	<input type="checkbox"/> Functionality (Default) <input type="checkbox"/> Architectural <input type="checkbox"/> Connectivity <input checked="" type="checkbox"/> Consistency <input checked="" type="checkbox"/> Database Integrity <input type="checkbox"/> Documentation <input type="checkbox"/> GUI <input type="checkbox"/> Installation <input type="checkbox"/> Memory <input type="checkbox"/> Performance <input type="checkbox"/> Security and Controls <input type="checkbox"/> Standards and Conventions <input type="checkbox"/> Stress <input type="checkbox"/> Usability
Who Detected: (Required)	<input checked="" type="checkbox"/> Quality Assurance (Default) <input type="checkbox"/> External Customer <input type="checkbox"/> Internal Customer <input type="checkbox"/> Development
How Detected: (Required)	<input checked="" type="checkbox"/> Testing (Default) <input type="checkbox"/> Review <input checked="" type="checkbox"/> Walkthrough <input type="checkbox"/> JAD (joint application development)
Assigned To: (Required)	N/A
Priority: (Required)	<input type="checkbox"/> High (Default) <input checked="" type="checkbox"/> Critical <input type="checkbox"/> Medium <input type="checkbox"/> Low

Severity: (Required)	<input checked="" type="checkbox"/> High (Default) <input type="checkbox"/> Critical <input type="checkbox"/> Medium <input type="checkbox"/> Low
Status: (Required)	<input checked="" type="checkbox"/> Open (Default) <input type="checkbox"/> Being Reviewed by Development <input type="checkbox"/> Returned by Development <input type="checkbox"/> Ready for Testing in the Next Build <input type="checkbox"/> Closed (QA) <input type="checkbox"/> Returned by (QA) <input type="checkbox"/> Deferred to the Next Release

DEFECT 4:

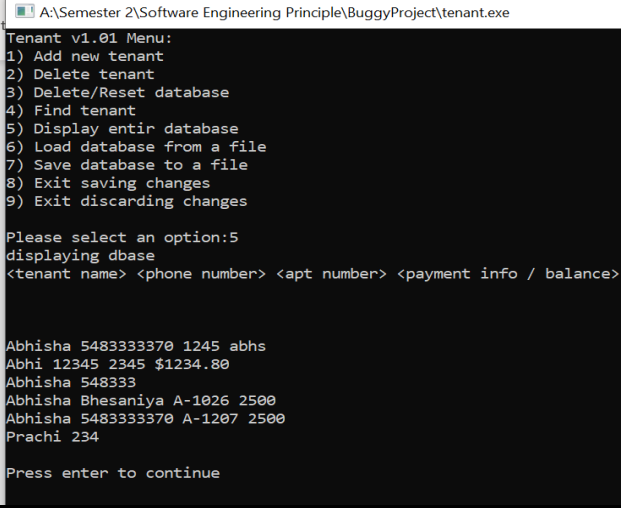

Defect ID: (Required)	4
Author: (Required)	Abhisha Bhesaniya
Release/Build # (Required)	V1.01
Open Date: (Required)	07/14/2020
Close Date: (Required)	N/A
Problem Area: (Required)	Tenant Insertion
Defect or Enhancement: (Required)	<input checked="" type="checkbox"/> Defect (Default) <input type="checkbox"/> Enhancement
Problem Title: (Required)	The system allows adding a null field into the database
Problem Description: (Required)	Precondition: N/A The tester chooses option 1 to add Tester left every field null Problem is that system allows us to add fields into the database when every field was null.

	
Current Environment: (Required)	Windows10
Other Environment(s):	None
Defect Type: (Required)	<input type="checkbox"/> Functionality (Default) <input checked="" type="checkbox"/> Architectural <input type="checkbox"/> Connectivity <input checked="" type="checkbox"/> Consistency <input checked="" type="checkbox"/> Database Integrity <input type="checkbox"/> Documentation <input type="checkbox"/> GUI <input type="checkbox"/> Installation <input type="checkbox"/> Memory <input type="checkbox"/> Performance <input type="checkbox"/> Security and Controls <input type="checkbox"/> Standards and Conventions <input type="checkbox"/> Stress <input type="checkbox"/> Usability
Who Detected: (Required)	<input checked="" type="checkbox"/> Quality Assurance (Default) <input type="checkbox"/> External Customer <input type="checkbox"/> Internal Customer <input type="checkbox"/> Development
How Detected: (Required)	<input checked="" type="checkbox"/> Testing (Default) <input type="checkbox"/> Review <input checked="" type="checkbox"/> Walkthrough <input type="checkbox"/> JAD (joint application development)
Assigned To: (Required)	N/A
Priority: (Required)	<input type="checkbox"/> High (Default) <input checked="" type="checkbox"/> Critical <input type="checkbox"/> Medium <input type="checkbox"/> Low

Severity: (Required)	<input checked="" type="checkbox"/> High (Default) <input type="checkbox"/> Critical <input type="checkbox"/> Medium <input type="checkbox"/> Low
Status: (Required)	<input checked="" type="checkbox"/> Open (Default) <input type="checkbox"/> Being Reviewed by Development <input type="checkbox"/> Returned by Development <input type="checkbox"/> Ready for Testing in the Next Build <input type="checkbox"/> Closed (QA) <input type="checkbox"/> Returned by (QA) <input type="checkbox"/> Deferred to the Next Release

DEFECT 5:

Defect ID: (Required)	5
Author: (Required)	Abhisha Bhesaniya
Release/Build # (Required)	V1.01
Open Date: (Required)	07/14/2020
Close Date: (Required)	N/A
Problem Area: (Required)	Tenant Insertion
Defect or Enhancement: (Required)	<input checked="" type="checkbox"/> Defect (Default) <input type="checkbox"/> Enhancement
Problem Title: (Required)	The system accepts character data in rent field
Problem Description: (Required)	Precondition: N/A The tester chooses option 1 to add Tester adds abhs in rent field Problem is that system does not inform you are entering character data in the field of rent. Tester selects option 5 and abhs showed in the list.

	 <pre> A:\Semester 2\Software Engineering Principle\BuggyProject\tenant.exe Tenant v1.01 Menu: 1) Add new tenant 2) Delete tenant 3) Delete/Reset database 4) Find tenant 5) Display entire database 6) Load database from a file 7) Save database to a file 8) Exit saving changes 9) Exit discarding changes Please select an option:5 displaying dbase <tenant name> <phone number> <apt number> <payment info / balance> Abhisha 548333370 1245 abhs Abhi 12345 2345 \$1234.80 Abhisha 548333 Abhisha Bhesaniya A-1026 2500 Abhisha 548333370 A-1207 2500 Prachi 234 Press enter to continue </pre>
Current Environment: (Required)	Windows10
Other Environment(s):	None
Defect Type: (Required)	<input type="checkbox"/> Functionality (Default) <input type="checkbox"/> Architectural <input type="checkbox"/> Connectivity <input checked="" type="checkbox"/> Consistency <input checked="" type="checkbox"/> Database Integrity <input type="checkbox"/> Documentation <input type="checkbox"/> GUI <input type="checkbox"/> Installation <input type="checkbox"/> Memory <input type="checkbox"/> Performance <input type="checkbox"/> Security and Controls <input type="checkbox"/> Standards and Conventions <input type="checkbox"/> Stress <input type="checkbox"/> Usability
Who Detected: (Required)	<input checked="" type="checkbox"/> Quality Assurance (Default) <input type="checkbox"/> External Customer <input type="checkbox"/> Internal Customer <input type="checkbox"/> Development
How Detected: (Required)	<input checked="" type="checkbox"/> Testing (Default) <input type="checkbox"/> Review <input type="checkbox"/> Walkthrough <input type="checkbox"/> JAD (joint application development)
Assigned To: (Required)	N/A
Priority: (Required)	<input type="checkbox"/> High (Default) <input checked="" type="checkbox"/> Critical <input type="checkbox"/> Medium <input type="checkbox"/> Low

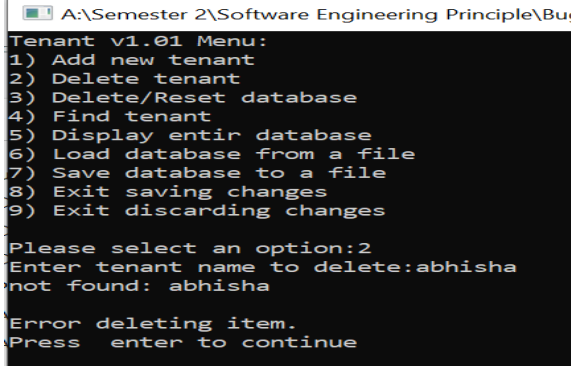

Severity: (Required)	<input checked="" type="checkbox"/> High (Default) <input type="checkbox"/> Critical <input type="checkbox"/> Medium <input type="checkbox"/> Low
Status: (Required)	<input checked="" type="checkbox"/> Open (Default) <input type="checkbox"/> Being Reviewed by Development <input type="checkbox"/> Returned by Development <input type="checkbox"/> Ready for Testing in the Next Build <input type="checkbox"/> Closed (QA) <input type="checkbox"/> Returned by (QA) <input type="checkbox"/> Deferred to the Next Release

DEFECT 6:

Defect ID: (Required)	6
Author: (Required)	Abhisha Bhesaniya
Release/Build # (Required)	V1.01
Open Date: (Required)	07/14/2020
Close Date: (Required)	N/A
Problem Area: (Required)	Duplicate Tenants
Defect or Enhancement: (Required)	<input checked="" type="checkbox"/> Defect (Default) <input type="checkbox"/> Enhancement
Problem Title: (Required)	The system accepts duplicate data
Problem Description: (Required)	<p>Precondition: Abhisha exists as a tenant The tester chooses option 1 to add Tester adds Abhisha Problem is that system does not inform you this is a duplicate Tester selects option 5 and both Abhisha are showed in the list.</p> <pre> A:\Semester 2\Software Engineering Principle\BuggyProject\tenant.exe Tenant v1.01 Menu: 1) Add new tenant 2) Delete tenant 3) Delete/Reset database 4) Find tenant 5) Display entire database 6) Load database from a file 7) Save database to a file 8) Exit saving changes 9) Exit discarding changes Please select an option:5 displaying dbase <tenant name> <phone number> <apt number> <payment info / balance> Abhisha 5483333370 A-1207 2500 Abhisha 5483333370 A-1207 2500 Press enter to continue </pre>

Current Environment: (Required)	Windows10
Other Environment(s):	None
Defect Type: (Required)	<input checked="" type="checkbox"/> Functionality (Default) <input type="checkbox"/> Architectural <input type="checkbox"/> Connectivity <input type="checkbox"/> Consistency <input checked="" type="checkbox"/> Database Integrity <input type="checkbox"/> Documentation <input type="checkbox"/> GUI <input type="checkbox"/> Installation <input type="checkbox"/> Memory <input type="checkbox"/> Performance <input type="checkbox"/> Security and Controls <input type="checkbox"/> Standards and Conventions <input type="checkbox"/> Stress <input type="checkbox"/> Usability
Who Detected: (Required)	<input checked="" type="checkbox"/> Quality Assurance (Default) <input type="checkbox"/> External Customer <input type="checkbox"/> Internal Customer <input type="checkbox"/> Development
How Detected: (Required)	<input checked="" type="checkbox"/> Testing (Default) <input type="checkbox"/> Review <input checked="" type="checkbox"/> Walkthrough <input type="checkbox"/> JAD (joint application development)
Assigned To: (Required)	N/A
Priority: (Required)	<input type="checkbox"/> High (Default) <input checked="" type="checkbox"/> Critical <input type="checkbox"/> Medium <input type="checkbox"/> Low
Severity: (Required)	<input type="checkbox"/> High (Default) <input checked="" type="checkbox"/> Critical <input type="checkbox"/> Medium <input type="checkbox"/> Low
Status: (Required)	<input checked="" type="checkbox"/> Open (Default) <input type="checkbox"/> Being Reviewed by Development <input type="checkbox"/> Returned by Development <input type="checkbox"/> Ready for Testing in the Next Build <input type="checkbox"/> Closed (QA) <input type="checkbox"/> Returned by (QA) <input type="checkbox"/> Deferred to the Next Release

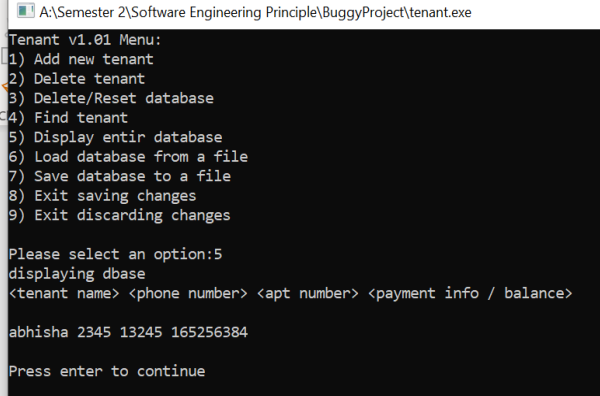

DEFECT 7:

Defect ID: (Required)	7
Author: (Required)	Abhisha Bhesaniya
Release/Build # (Required)	V1.01
Open Date: (Required)	07/14/2020
Close Date: (Required)	N/A
Problem Area: (Required)	Deleting Tenants
Defect or Enhancement: (Required)	<input checked="" type="checkbox"/> Defect (Default) <input type="checkbox"/> Enhancement
Problem Title: (Required)	The system shows error in deleting tenant
Problem Description: (Required)	<p>Precondition: Abhisha exists as a tenant The tester chooses option 2 to delete tenant Tester enter Abhisha as tenant name to delete Problem is that system shows not found Abhisha and error deleting an item. Tester selects option 5 and Abhisha showed in the list</p> 
Current Environment: (Required)	Windows10
Other Environment(s):	None
Defect Type: (Required)	<input checked="" type="checkbox"/> Functionality (Default) <input type="checkbox"/> Architectural <input type="checkbox"/> Connectivity <input type="checkbox"/> Consistency <input checked="" type="checkbox"/> Database Integrity <input type="checkbox"/> Documentation <input type="checkbox"/> GUI <input type="checkbox"/> Installation <input type="checkbox"/> Memory <input type="checkbox"/> Performance <input type="checkbox"/> Security and Controls

	<input type="checkbox"/> Standards and Conventions <input type="checkbox"/> Stress <input type="checkbox"/> Usability
Who Detected: (Required)	<input checked="" type="checkbox"/> Quality Assurance (Default) <input type="checkbox"/> External Customer <input type="checkbox"/> Internal Customer <input type="checkbox"/> Development
How Detected: (Required)	<input checked="" type="checkbox"/> Testing (Default) <input type="checkbox"/> Review <input checked="" type="checkbox"/> Walkthrough <input type="checkbox"/> JAD (joint application development)
Assigned To: (Required)	N/A
Priority: (Required)	<input type="checkbox"/> High (Default) <input checked="" type="checkbox"/> Critical <input type="checkbox"/> Medium <input type="checkbox"/> Low
Severity: (Required)	<input type="checkbox"/> High (Default) <input checked="" type="checkbox"/> Critical <input type="checkbox"/> Medium <input type="checkbox"/> Low
Status: (Required)	<input checked="" type="checkbox"/> Open (Default) <input type="checkbox"/> Being Reviewed by Development <input type="checkbox"/> Returned by Development <input type="checkbox"/> Ready for Testing in the Next Build <input type="checkbox"/> Closed (QA) <input type="checkbox"/> Returned by (QA) <input type="checkbox"/> Deferred to the Next Release

DEFECT 8:

Defect ID: (Required)	8
Author: (Required)	Abhisha Bhesaniya
Release/Build # (Required)	V1.01
Open Date: (Required)	07/14/2020
Close Date: (Required)	N/A
Problem Area: (Required)	Word Error
Defect or Enhancement: (Required)	<input checked="" type="checkbox"/> Defect (Default) <input type="checkbox"/> Enhancement

Problem Title: (Required)	The system shows payment info/balance in place of rent
Problem Description: (Required)	<p>Precondition: N/A</p> <p>The tester chooses option 5 to display database</p> <p>Problem is that system shows payment info/balance in place of rent</p> 
Current Environment: (Required)	Windows10
Other Environment(s):	None
Defect Type: (Required)	<input type="checkbox"/> Functionality (Default) <input type="checkbox"/> Architectural <input type="checkbox"/> Connectivity <input type="checkbox"/> Consistency <input type="checkbox"/> Database Integrity <input type="checkbox"/> Documentation <input checked="" type="checkbox"/> GUI <input type="checkbox"/> Installation <input type="checkbox"/> Memory <input type="checkbox"/> Performance <input type="checkbox"/> Security and Controls <input type="checkbox"/> Standards and Conventions <input type="checkbox"/> Stress <input type="checkbox"/> Usability
Who Detected: (Required)	<input checked="" type="checkbox"/> Quality Assurance (Default) <input type="checkbox"/> External Customer <input type="checkbox"/> Internal Customer <input type="checkbox"/> Development
How Detected: (Required)	<input checked="" type="checkbox"/> Testing (Default) <input type="checkbox"/> Review <input checked="" type="checkbox"/> Walkthrough <input type="checkbox"/> JAD (joint application development)
Assigned To: (Required)	N/A
Priority: (Required)	<input type="checkbox"/> High (Default) <input type="checkbox"/> Critical

	<input type="checkbox"/> Medium <input checked="" type="checkbox"/> Low
Severity: (Required)	<input type="checkbox"/> High (Default) <input type="checkbox"/> Critical <input checked="" type="checkbox"/> Medium <input type="checkbox"/> Low
Status: (Required)	<input checked="" type="checkbox"/> Open (Default) <input type="checkbox"/> Being Reviewed by Development <input type="checkbox"/> Returned by Development <input type="checkbox"/> Ready for Testing in the Next Build <input type="checkbox"/> Closed (QA) <input type="checkbox"/> Returned by (QA) <input type="checkbox"/> Deferred to the Next Release

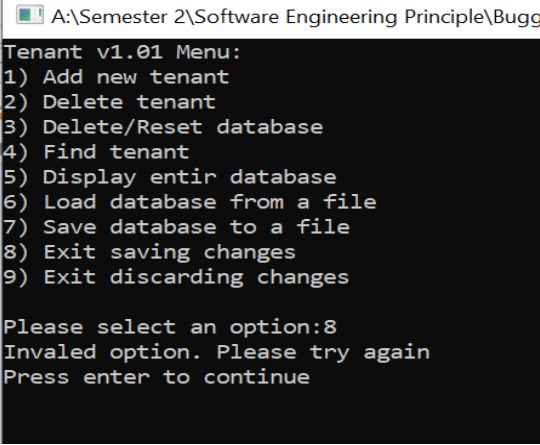

DEFECT 9:

Defect ID: (Required)	9
Author: (Required)	Abhisha Bhesaniya
Release/Build # (Required)	V1.01
Open Date: (Required)	07/14/2020
Close Date: (Required)	N/A
Problem Area: (Required)	System Crash
Defect or Enhancement: (Required)	<input checked="" type="checkbox"/> Defect (Default) <input type="checkbox"/> Enhancement
Problem Title: (Required)	System crash we request to display empty database
Problem Description: (Required)	Precondition: Database should be empty The tester chooses option 5 to display database Problem is systems display field names and after sometimes the system gets crash.
Current Environment: (Required)	Windows10
Other Environment(s):	None
Defect Type: (Required)	<input checked="" type="checkbox"/> Functionality (Default) <input type="checkbox"/> Architectural <input type="checkbox"/> Connectivity <input type="checkbox"/> Consistency <input type="checkbox"/> Database Integrity <input type="checkbox"/> Documentation <input checked="" type="checkbox"/> GUI

	<input type="checkbox"/> Installation <input type="checkbox"/> Memory <input checked="" type="checkbox"/> Performance <input type="checkbox"/> Security and Controls <input type="checkbox"/> Standards and Conventions <input type="checkbox"/> Stress <input type="checkbox"/> Usability
Who Detected: (Required)	<input checked="" type="checkbox"/> Quality Assurance (Default) <input type="checkbox"/> External Customer <input type="checkbox"/> Internal Customer <input type="checkbox"/> Development
How Detected: (Required)	<input checked="" type="checkbox"/> Testing (Default) <input type="checkbox"/> Review <input checked="" type="checkbox"/> Walkthrough <input type="checkbox"/> JAD (joint application development)
Assigned To: (Required)	N/A
Priority: (Required)	<input checked="" type="checkbox"/> High (Default) <input type="checkbox"/> Critical <input type="checkbox"/> Medium <input type="checkbox"/> Low
Severity: (Required)	<input checked="" type="checkbox"/> High (Default) <input type="checkbox"/> Critical <input type="checkbox"/> Medium <input type="checkbox"/> Low
Status: (Required)	<input checked="" type="checkbox"/> Open (Default) <input type="checkbox"/> Being Reviewed by Development <input type="checkbox"/> Returned by Development <input type="checkbox"/> Ready for Testing in the Next Build <input type="checkbox"/> Closed (QA) <input type="checkbox"/> Returned by (QA) <input type="checkbox"/> Deferred to the Next Release

DEFECT 10:

Defect ID: (Required)	10
Author: (Required)	Abhisha Bhesaniya
Release/Build # (Required)	V1.01
Open Date: (Required)	07/14/2020
Close Date: (Required)	N/A

Problem Area: (Required)	Database Saving
Defect or Enhancement: (Required)	<input checked="" type="checkbox"/> Defect (Default) <input type="checkbox"/> Enhancement
Problem Title: (Required)	The system shows an invalid option in 8 th menu
Problem Description: (Required)	<p>Precondition: N/A The tester chooses option 8 to exit saving changes Problem is that system shows an invalid option. Please try again.</p> 
Current Environment: (Required)	Windows10
Other Environment(s):	None
Defect Type: (Required)	<input checked="" type="checkbox"/> Functionality (Default) <input type="checkbox"/> Architectural <input type="checkbox"/> Connectivity <input checked="" type="checkbox"/> Consistency <input checked="" type="checkbox"/> Database Integrity <input type="checkbox"/> Documentation <input type="checkbox"/> GUI <input type="checkbox"/> Installation <input type="checkbox"/> Memory <input checked="" type="checkbox"/> Performance <input type="checkbox"/> Security and Controls <input type="checkbox"/> Standards and Conventions <input type="checkbox"/> Stress <input type="checkbox"/> Usability
